Consent, Important Information and Data Protection

In signing above both parties agree that Flamingo Land will be fully informed of any data I collect and any changes that I wish to make to the proposed project. I also agree that I will provide a copy of all outputs to the zoo and will collaborate with staff if developing for subsequent publication. The work will not be published or publicised without prior written consent from Flamingo Land. On completion I am willing to have any findings presented at Flamingo Land by either myself or my supervisor.

I also agree to submit a self-explanatory copy of all data in an Excel spreadsheet, regardless of project completion. I consent to the use of these data in future scientific publications by Flamingo Land with full acknowledgement of my contribution as the data collector. I also agree to any findings or abstracts being posted on Flamingo Land's website, again with full acknowledgement of my contribution as the data collector and primary researcher.

No matter the outcome of this application, Flamingo Land does not award funding as part of any project undertaken.

We would like all research to be uploaded to the BIAZA Research Database, once your research has been completed. If you require assistance please ask.

It is advised that a pre-visit be arranged prior to any research being undertaken, to assess the viability of the study.

In accordance with the data protection act, contact details will not be given to anyone outside of the organisation without prior permission from all participants.

Proposed Work

Project Title: _____

Abstract / Proposed Project Summary:

Hypothesis / Aims of study:

Relevant Background References (at least 3):

Objectives (The actions that led to your aims be developed):

Methodology (Intended techniques for data collection and analysis and sample size):

How is your work new/ exciting / beneficial to the scientific community?

What inputs do you need from Flamingo Land staff?

What are your expected outputs and where will they be published?

How will your work benefit Flamingo Land?

Proposed start date: _____   **Date of completion:** _____

Are you willing to present your work as part of a Flamingo Land seminar?   Yes   No

<div align="center">

Once completed please return to: kieranholliday@flamingoland.co.uk

Please do not exceed these two pages – Please ask your supervisor for assistance.
